Agenda

- Solving for complexity
- SASE your way with Cisco
- Cisco+ Secure Connect Overview
- Plan your journey to Unified SASE

© 2023 Cisco and/or its affiliates. All rights reserved. Cisco Public

Hybrid work is here to stay...

85% of CIOs say it is important to empower a distributed workforce

But connecting a distributed workforce is hard due to complexity...

51% of organizations struggle to connect users to corporate resources

And resource and talent issues make it harder.

50% of organizations are lacking sufficient resources to detect and remediate application vulnerabilities quickly

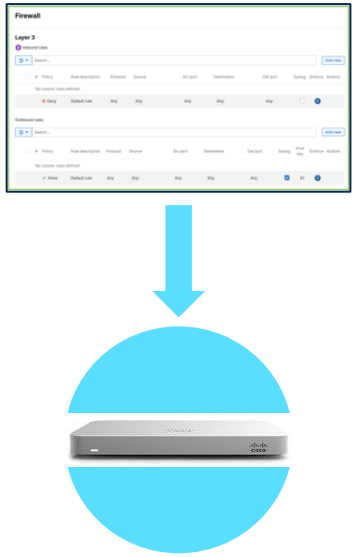
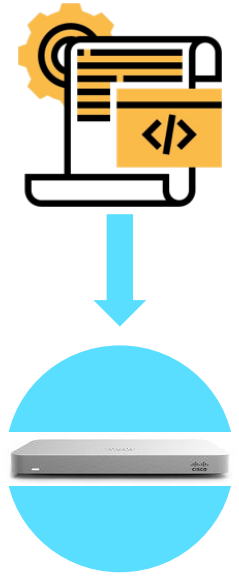
Demo 1:
Cisco+ Secure Connect

Current State of Policy

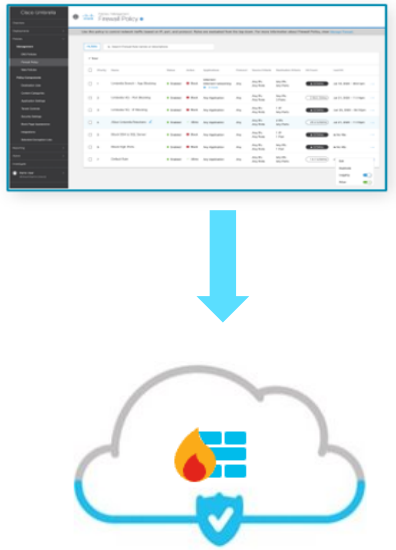
- Redundant effort to create Policies within Branches



- Templates and APIs are not preferred by everyone



- Cloud security is yet another place to configure policy



© 2023 Cisco and/or its affiliates. All rights reserved. Cisco Public

Missing: Single pane of glass

Management
Policy management practices are manual

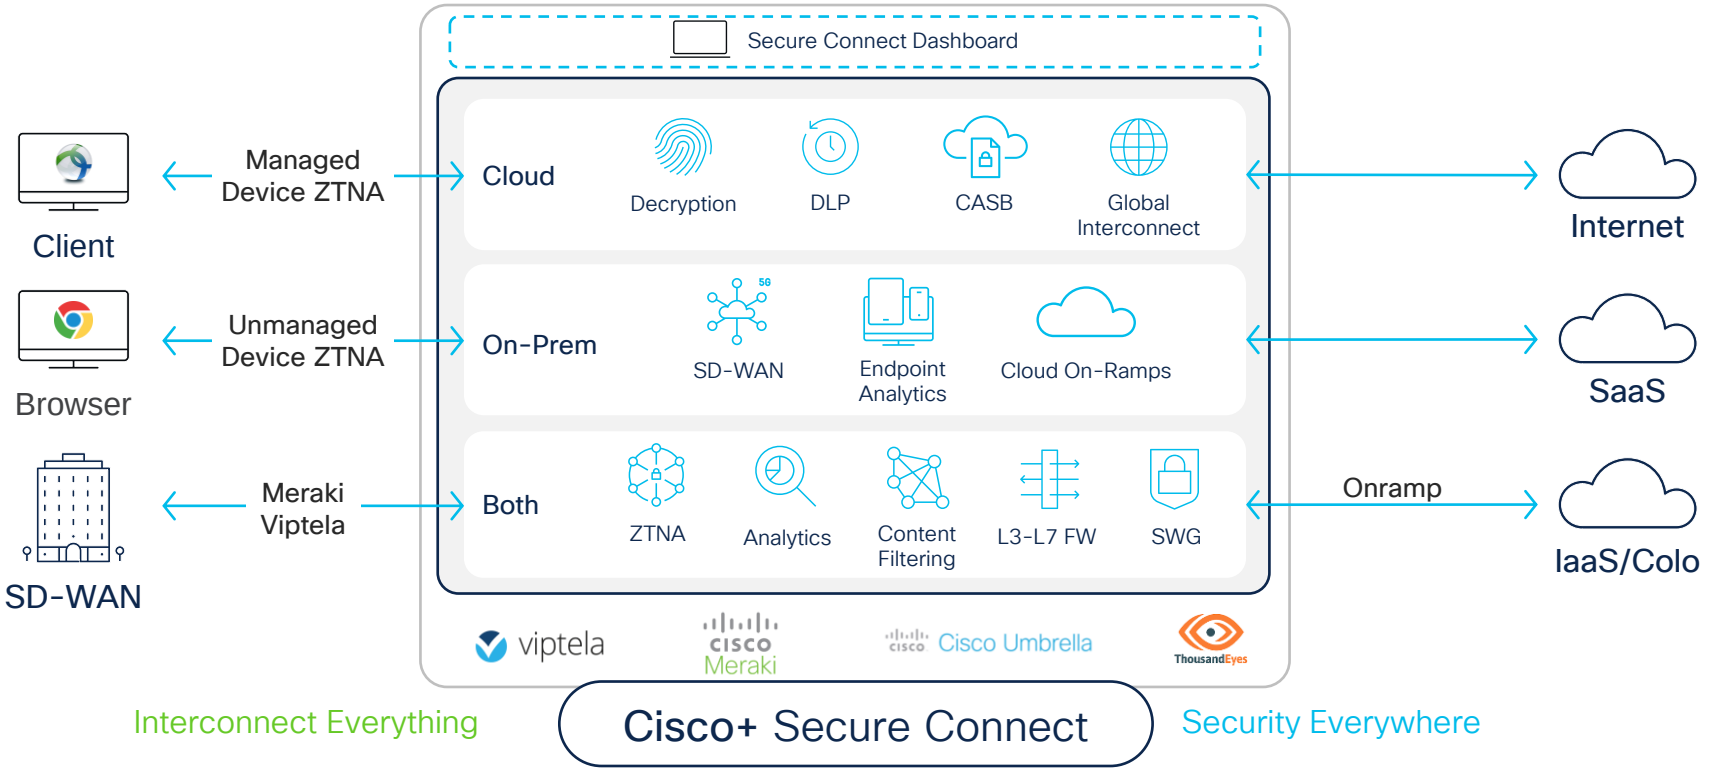
Audit
Auditing org-wide policy is an effort

Enforcement
Unclear where policy is enforced

© 2023 Cisco and/or its affiliates. All rights reserved. Cisco Public

Unified SASE Vision

Centralized Management, Distributed Enforcement



© 2023 Cisco and/or its affiliates. All rights reserved. Cisco Public

Introducing Unified Firewall Policy

- Intent based org-wide policy management
- Distributed enforcement (closest to the source)
- Automatically suggested enforcement points (w/ manual overrides)

Fill out your session surveys!

Attendees who fill out a minimum of four session surveys and the overall event survey will get **Cisco Live-branded socks** (while supplies last)!

Attendees will also earn 100 points in the **Cisco Live Challenge** for every survey completed.

These points help you get on the leaderboard and increase your chances of winning daily and grand prizes
