Hybrid work gives employees flexibility

57%

expect to be in the office 10 days or less
each month

77%

of employees will embrace a flexible
workstyle

97%

want changes to make the office safe before
they return

Hybrid Work cannot be solved in isolation

Facilities

Space allocation, safety, sustainability, and efficiency.

Human Resources

Culture, inclusivity, and well-being.

IT

Employee productivity, customer experience, and security.

5 common questions about hybrid workspaces

What is the office for?

How can employees find a suitable place to work?

How do I enable hybrid teamwork?

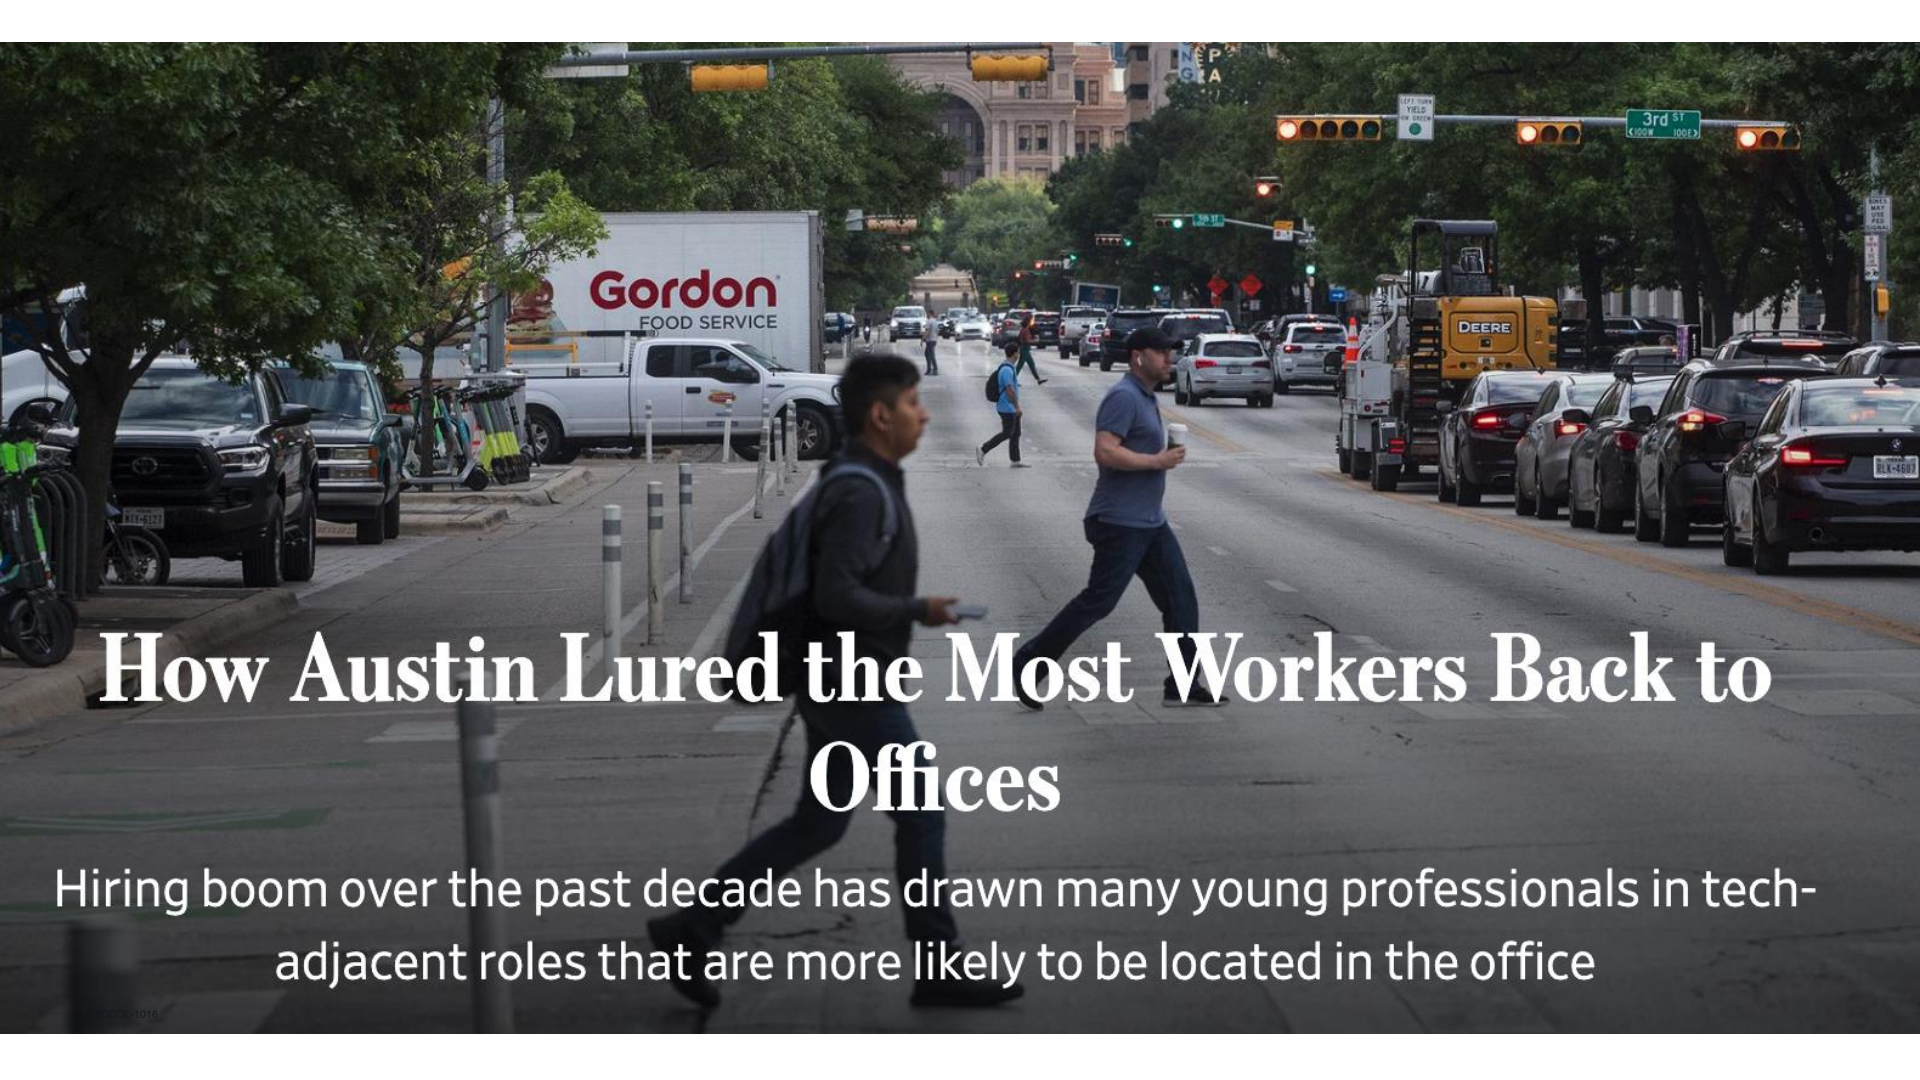

How can my teams collaborate with their app of choice?

How do I manage my devices and workspaces?

Q1.

What is the office for?

How Austin Lured the Most Workers Back to Offices

Hiring boom over the past decade has drawn many young professionals in tech-adjacent roles that are more likely to be located in the office

Whiteboard

The screenshot displays a video conference interface with six participants in a top row: Darren Owens, Marise Torres, Sonali Pritchard, Umar Patel, Isabelle Brennan, and Matthew Baker. Below the participants is a large whiteboard titled "A canvas for your mind" with the subtitle "Collaborate on the same page". The whiteboard contains a diagram with a central orange circle. To the left of the circle is a purple box labeled "Notes" containing a pink "Notes" box and a blue "Planning" box. Arrows point from the "Notes" box to the central circle, and from the "Planning" box to the "Brainstorm" box. The central circle is divided into three sections: "Ideation" (top, red), "Diagramming" (right, yellow), and "Brainstorm" (bottom, orange). An arrow points from the "Diagramming" box to a blue square, which is then connected to a sunflower icon. The bottom of the whiteboard features a toolbar with various drawing tools and a "Save" button.

Q4.

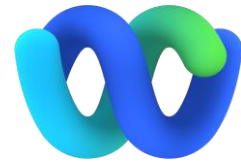

How can my teams collaborate
with their app of choice?

Multiple meetings platforms

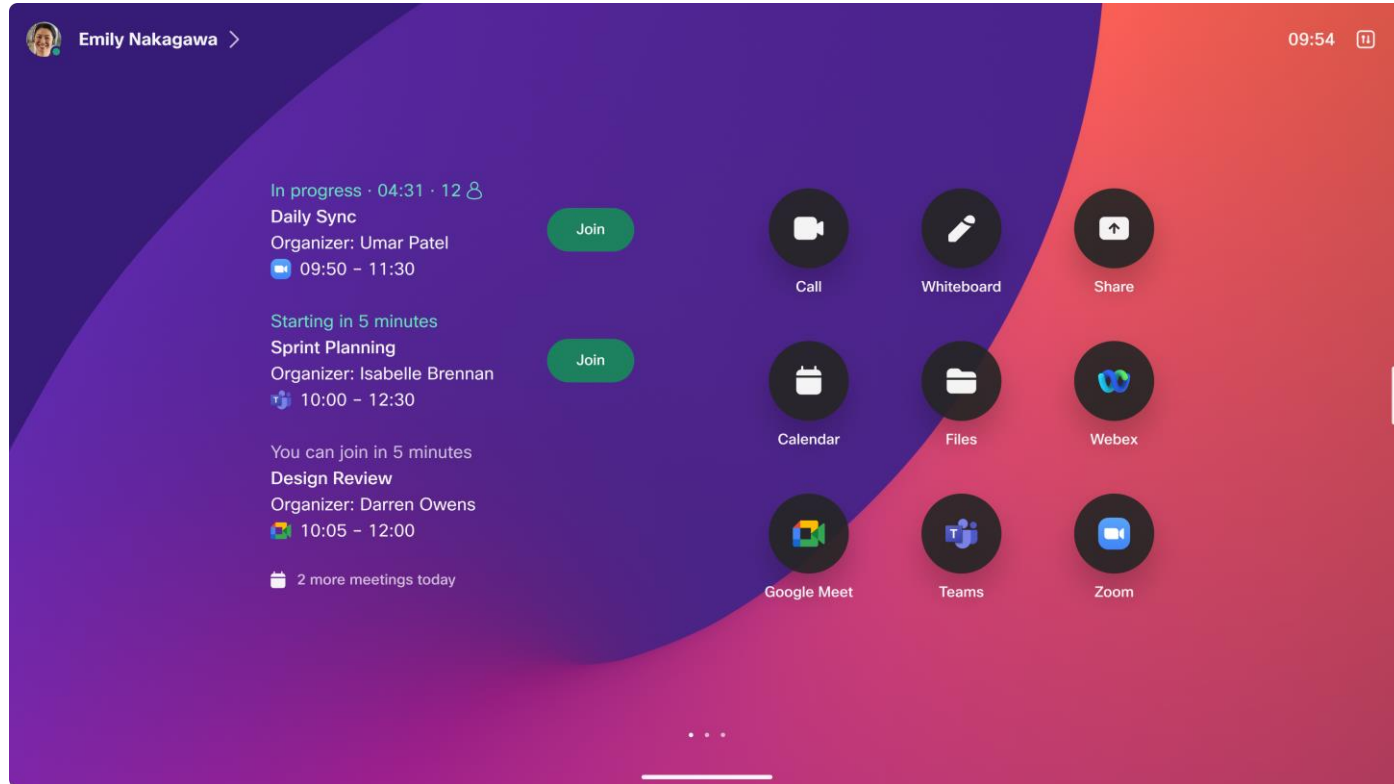

85%

of companies are using
more than one meeting platform

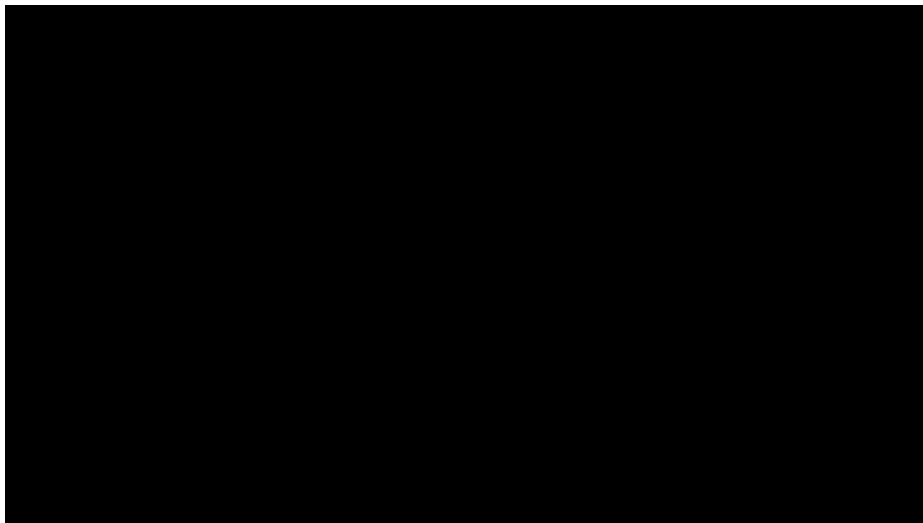

Access any meeting and app

Interoperability

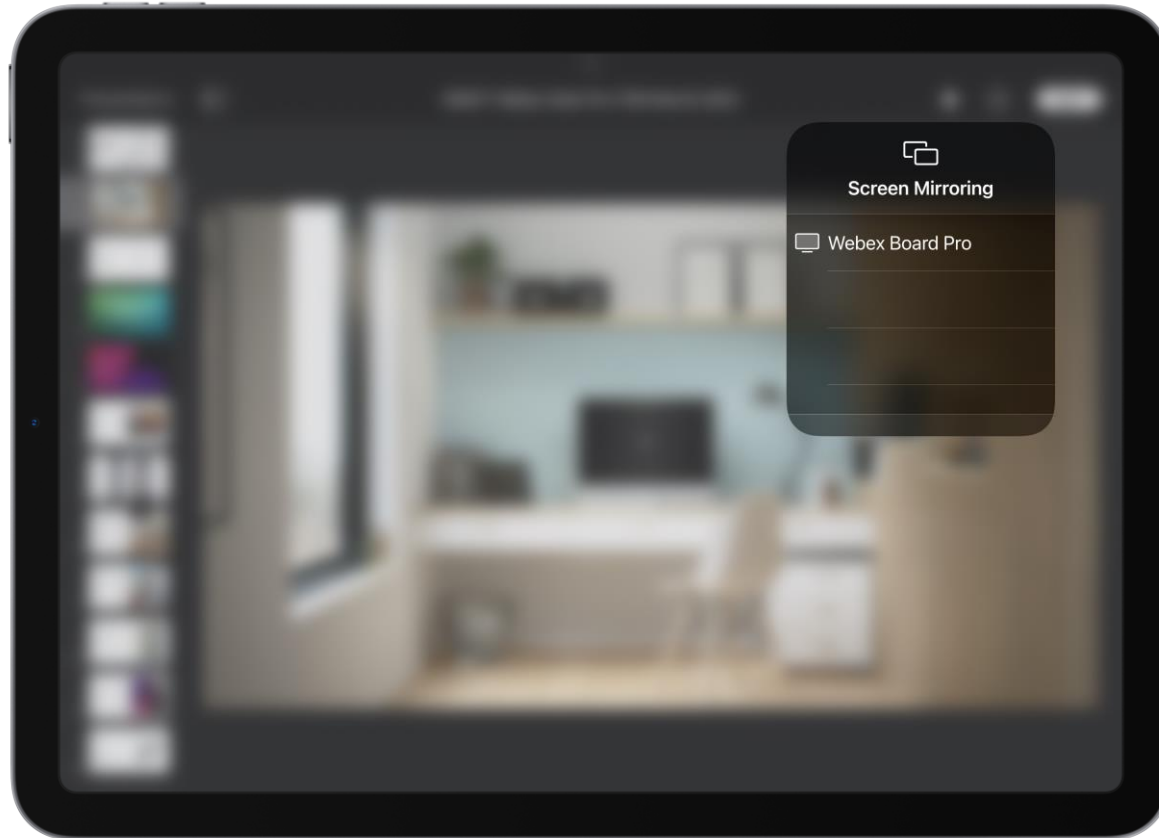

Join any meeting with Webex Devices

Video

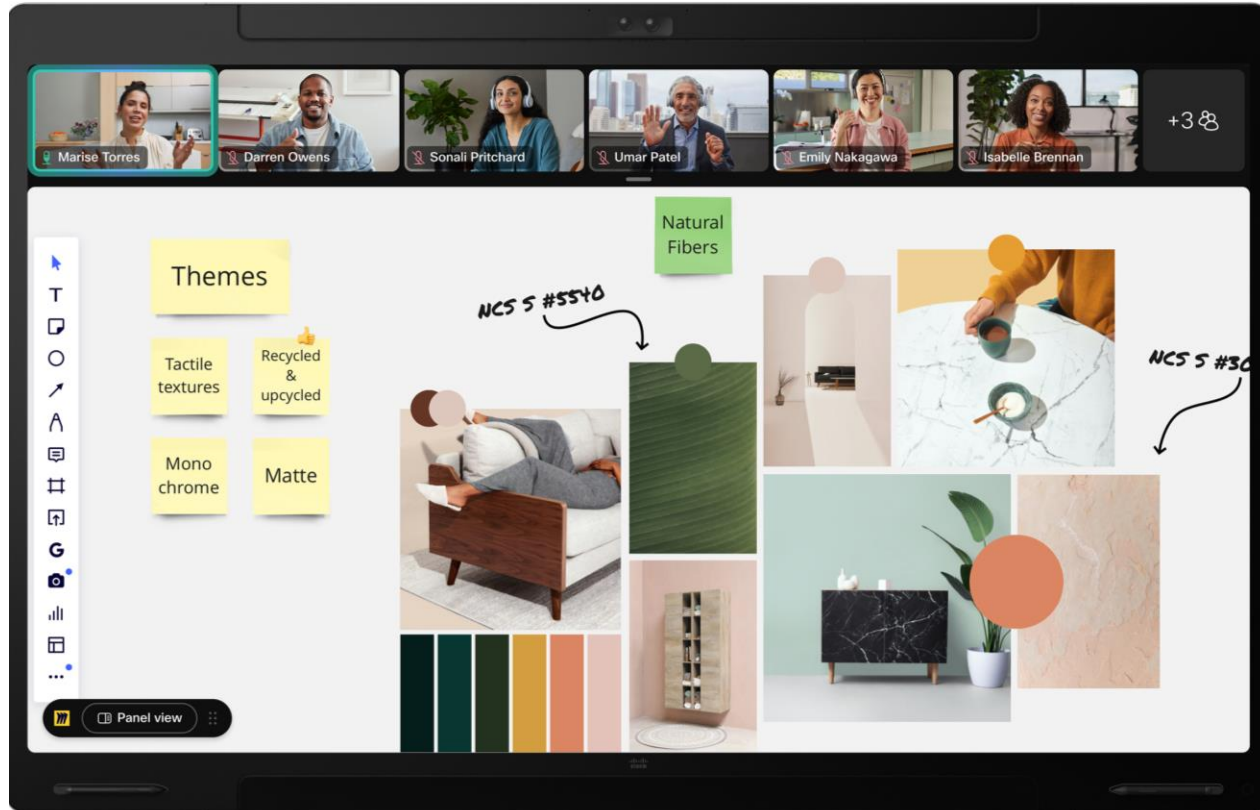

Wireless sharing from your personal device

AirPlay and Miracast

Use your favorite apps

Embedded apps

Q5.

How do I manage my
devices and workspaces?

Challenges with device management

Keep track of
devices

Configure and
troubleshoot

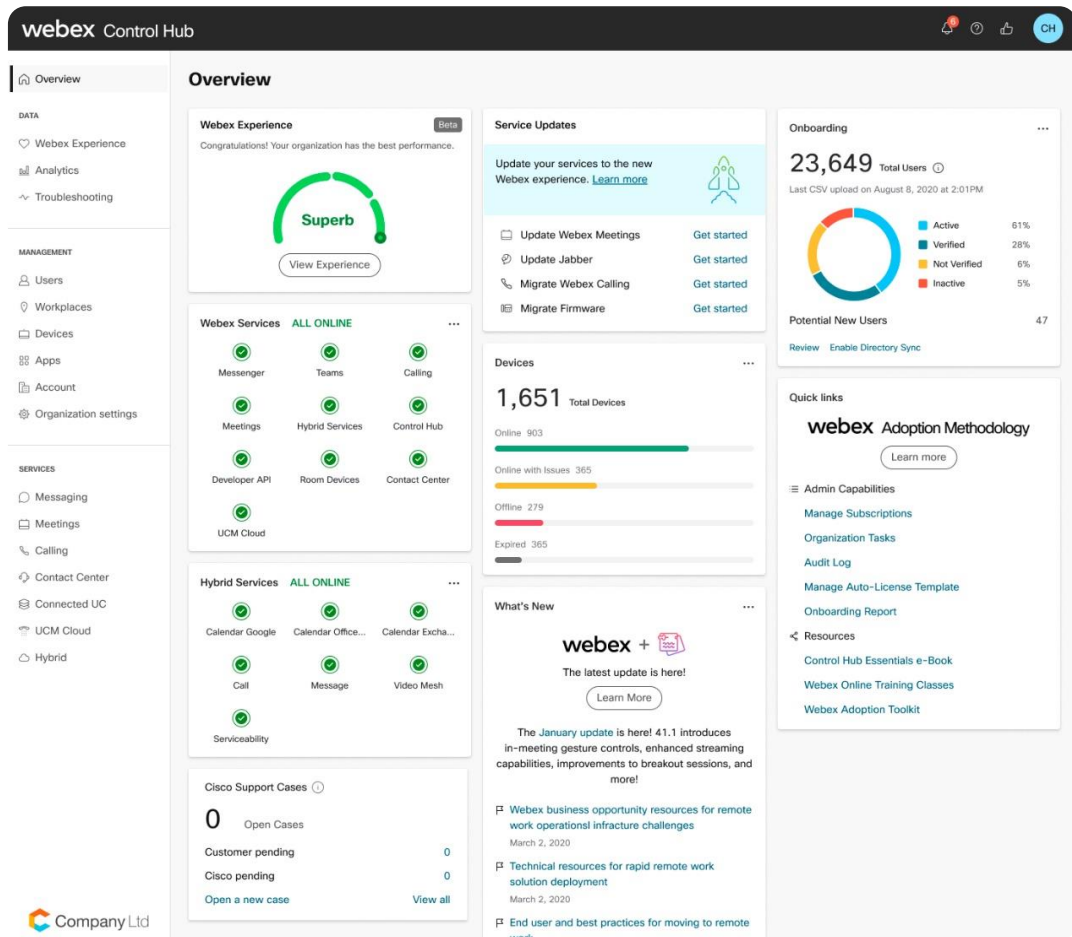

Quantify
adoption

Prioritize
investments

Unrivalled visibility and control across your environment
