# Cisco Webex App

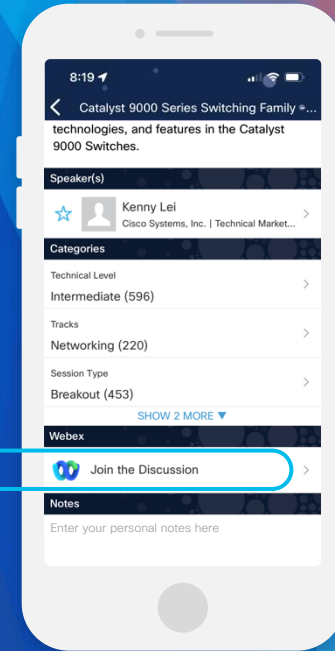

## Questions?

Use Cisco Webex App to chat with the speaker after the session

## How

- 1 Find this session in the Cisco Live Mobile App
- 2 Click “Join the Discussion”
- 3 Install the Webex App or go directly to the Webex space
- 4 Enter messages/questions in the Webex space

Webex spaces will be moderated by the speaker until June 9, 2023.

– Unknown

# Agenda

## Pervasive wireless

- **Where** it is required
- **Why** it is required
- **What** is “Pervasive wireless”?
- **How to select & build** “wireless infrastructure”
- Summary
- Q&A

# Where Industrial Environment/Customer

# “Digital Transformation” in Industrial environment

Soup Bowl (Digitization – Digitalization)

Connectivity

# Why Industrial Environment/Customer

# Industrial organizations are not looking for technology, but **Business Outcome**

Improve operational efficiency

Improve resiliency

Reduce downtime

Sustainability is a rapidly growing business priority

Enhance safety and security

Increase reliability

# What Pervasive Wireless

## Industrial environment

# Choosing wireless technology based on just technical capabilities are not enough

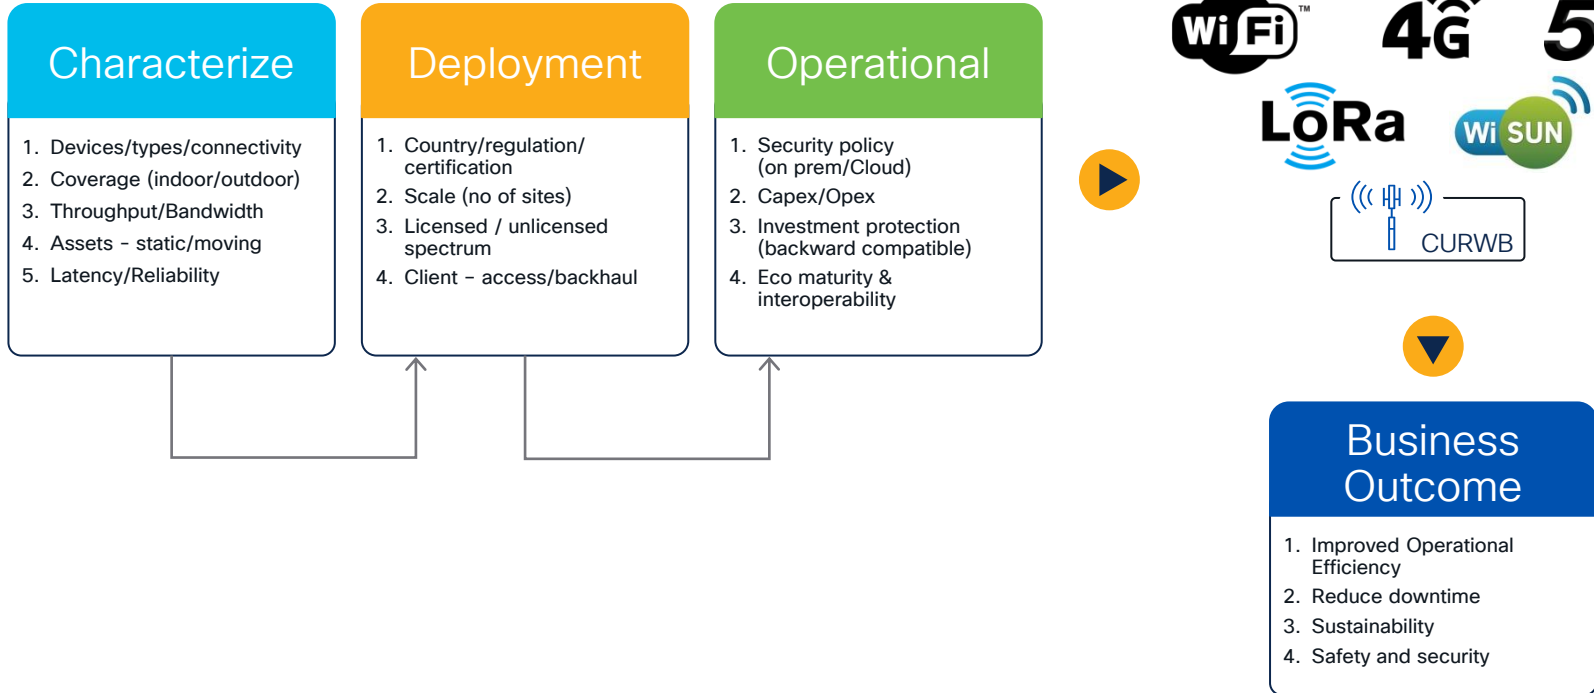

Technology	Through-put	Latency	Energy efficiency	Mobility	Range	Reliability	Device density
	25-50 Gbps	1 ms	> 10 years	High	300 m (28 GHz); 3 km (3.5 GHz)	Very High	1 million connected devices
	10-20 Gbps	< 10 ms	-	Low	< 1 km	Very High	-
	27 kbps (Max)	Similar to NB-IoT	~ 13 years	Medium	11 kms.	Low	-
	250 kbps	1.6 - 10 s	~ 11 years	Low	15 kms.	Medium	1 million connected devices
	100-1000 Mbps	10 ms	< 10 years	High	800m (dense urban) - 50 km (flat rural landscape)	High	2000
 CURWB	500 Mbps	< 10 ms	~ 10 years	High	5-10 kms.	Very High	-

# How should you build your pervasive wireless environment?

# CDO Decision path tree

# Game of Building pervasive wireless using CDO

Based on True Stories

(Name and location are changed for protection)

## Manufacturing Example

Want mobility for workers,  
forklifts, trucks to access  
inhouse manufacturing  
applications anywhere,  
anytime within  
manufacturing plant

# Business use cases

Paint shop

Welding shop

Outdoor Working area

Outdoor Parking area

Outdoor Working area

Cisco BGL 18

Warehouse

Assembly line

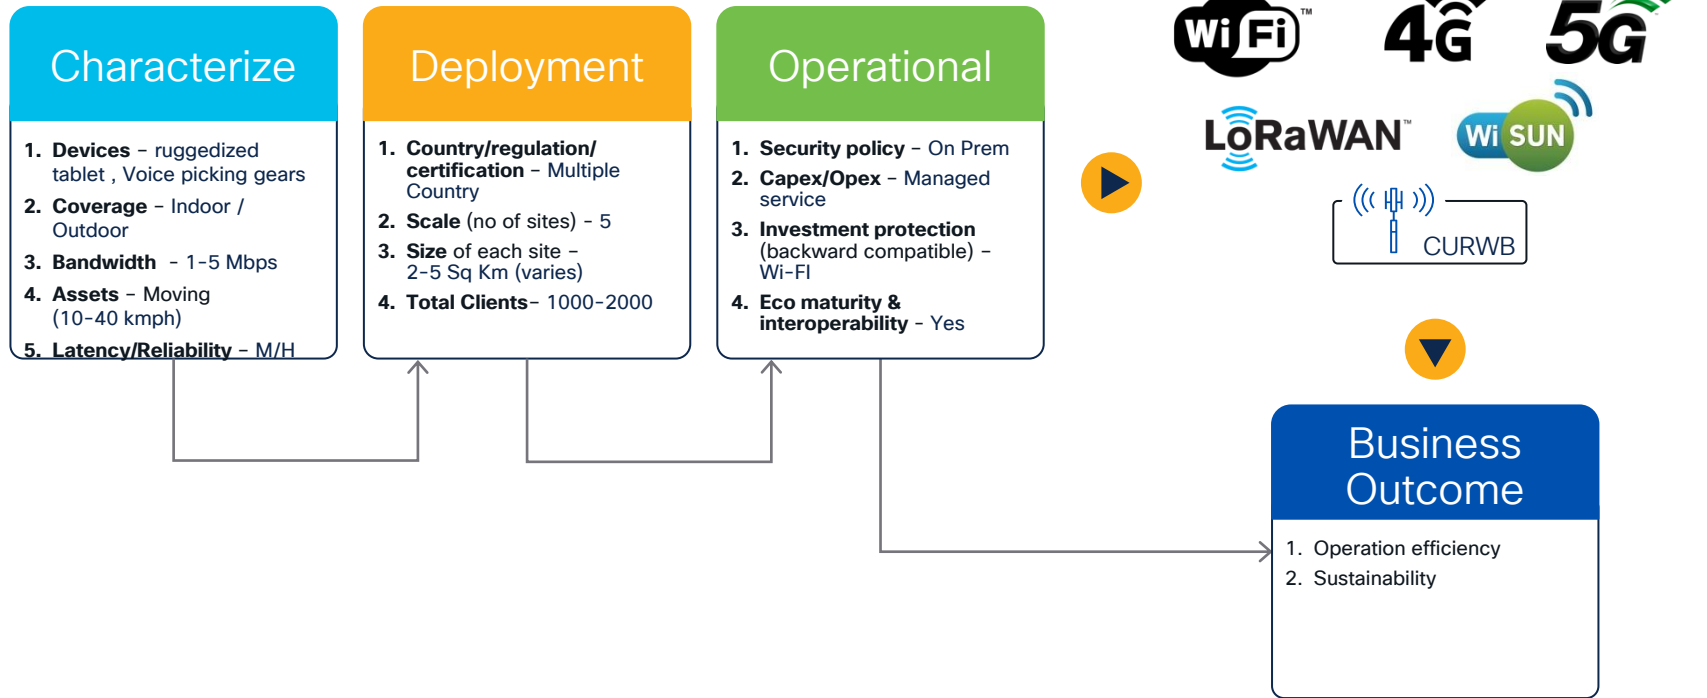

Outdoor Parking area

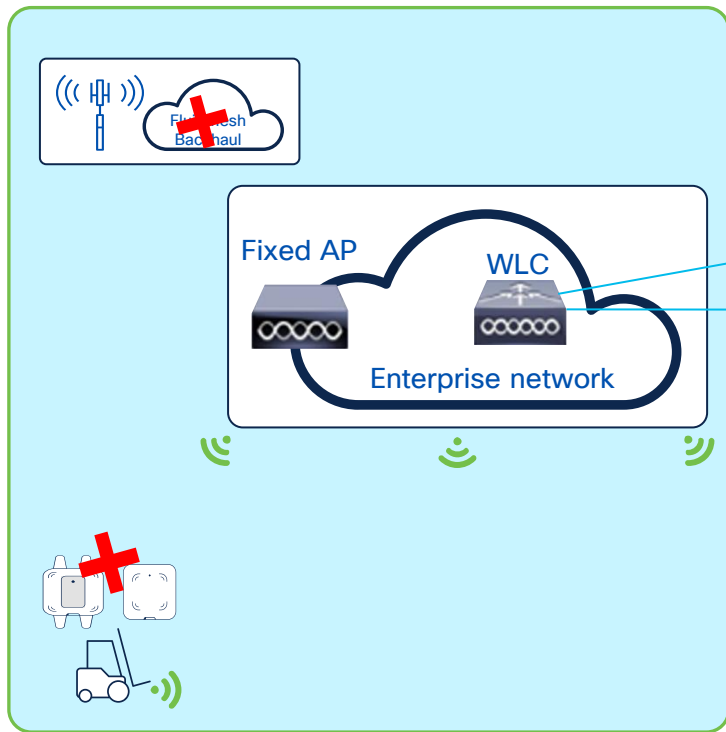

# Applying the CDO approach

## Manufacturing

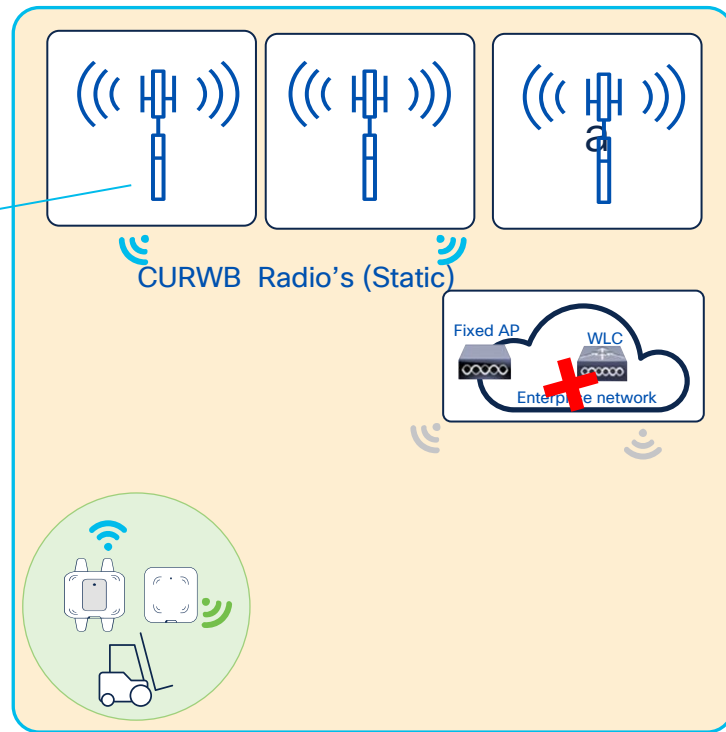

## Indoor

CURWB

## Outdoor

Business applications

## Mining

- Poor visibility and tracking of People and Assets inside underground mine
- Longer process and manual data gathering due to interconnectivity
- Improve health safety and security of man and material

# Business use cases

## Tracking

- Manpower and vehicle

## Fleet

- Traffic management
- UG fleet monitoring

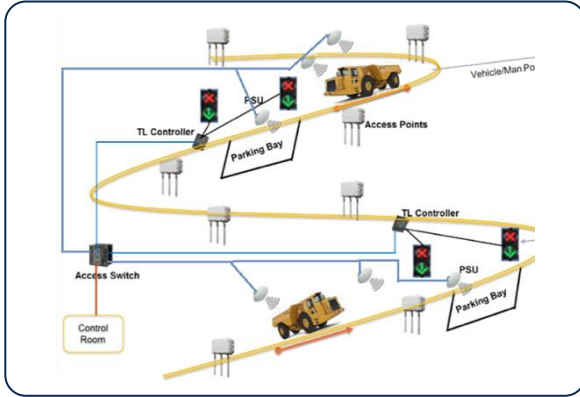

## Automation

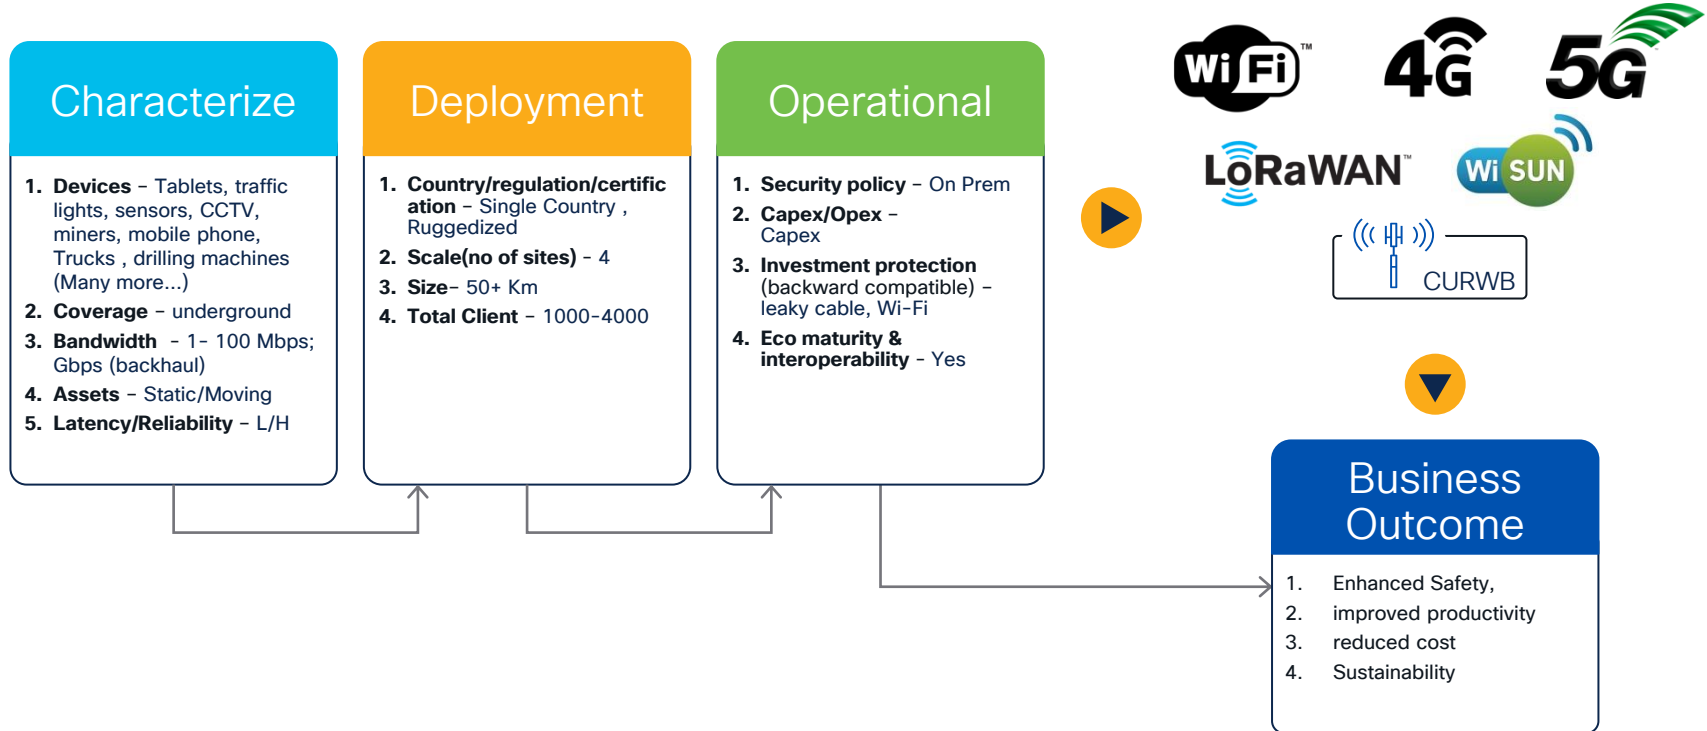

- Automated planning and scheduling
- Recovery improvement
- Data driver decision making

# Personal story

# Technology to business outcome journey

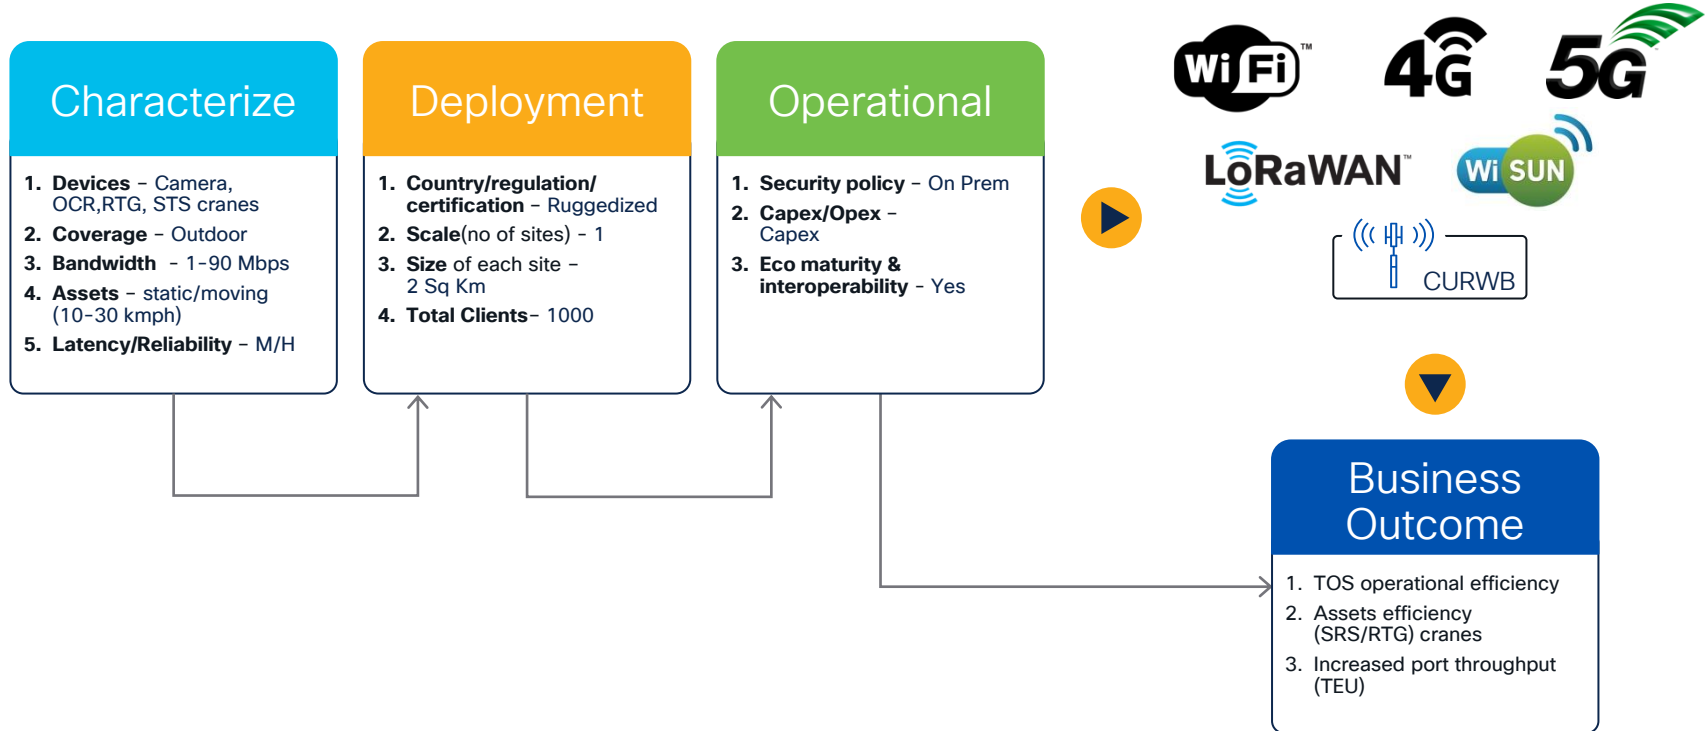

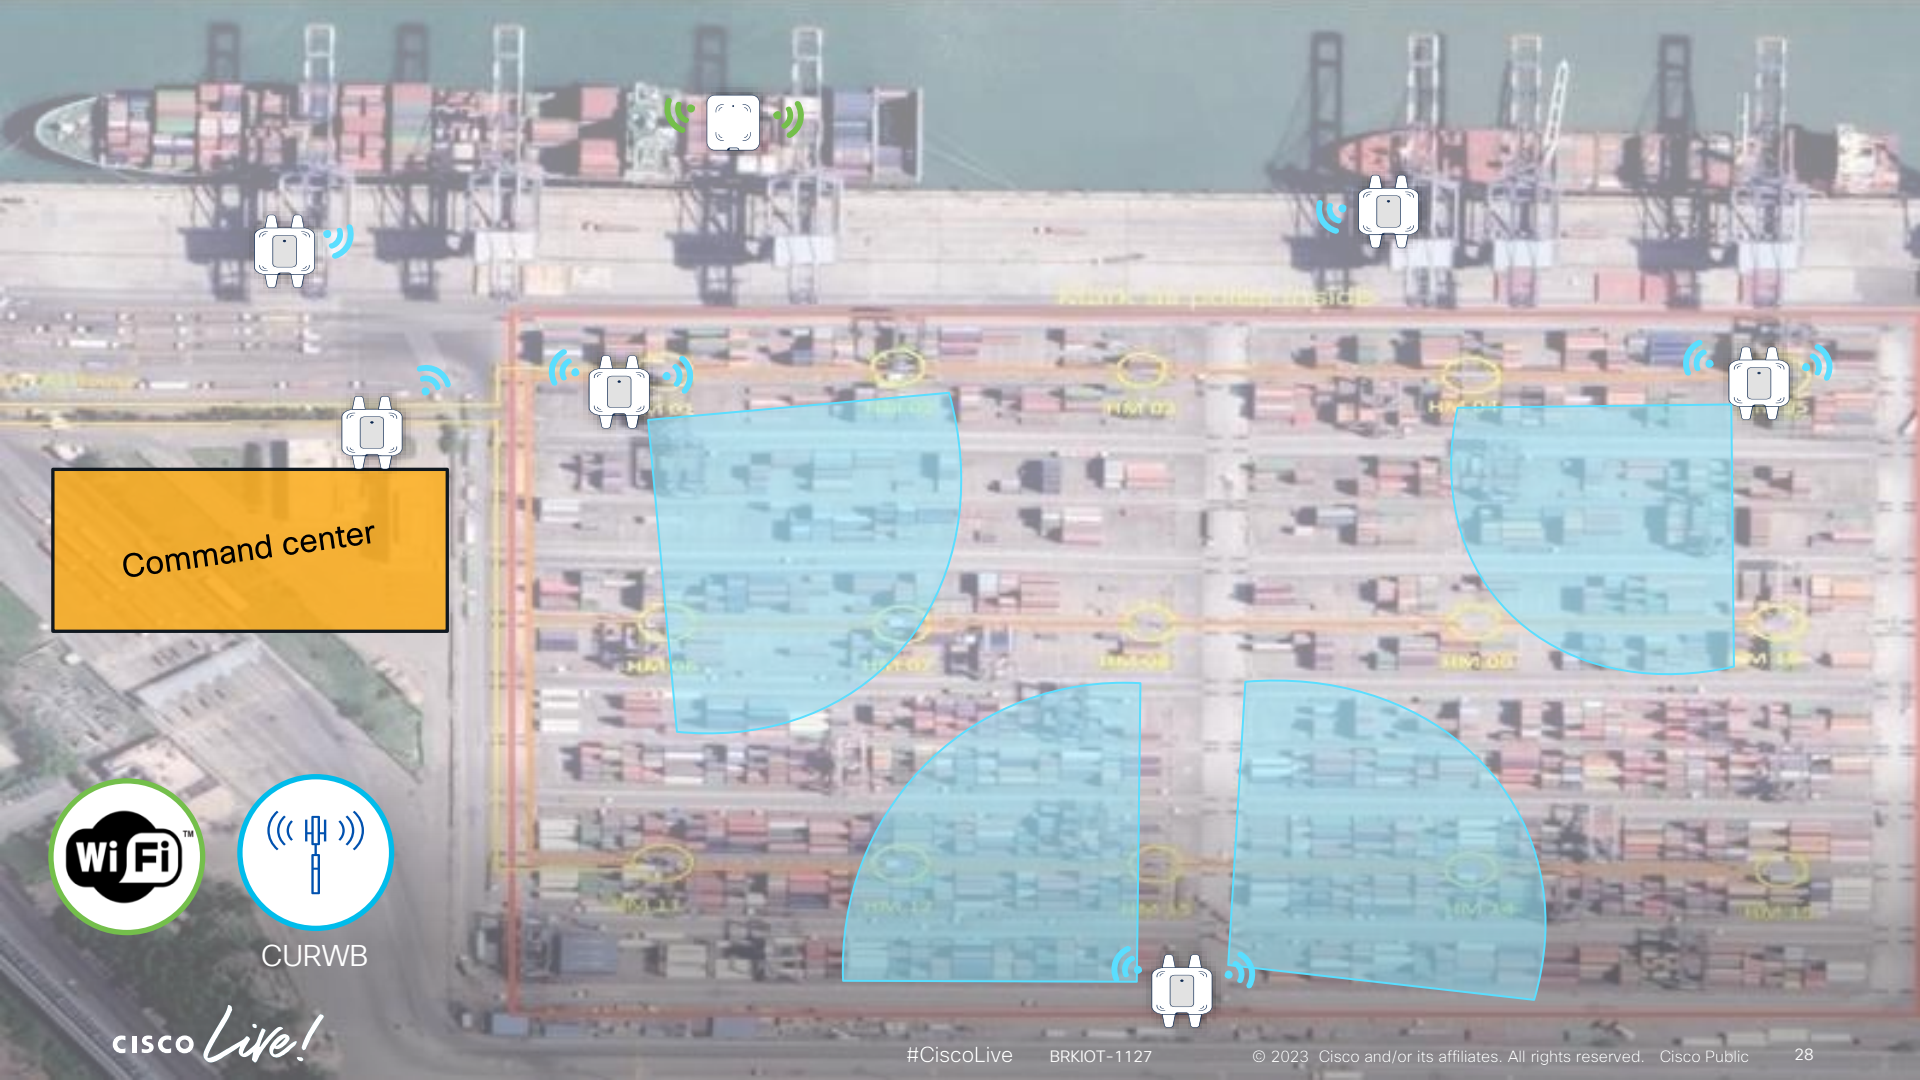

# Ports and terminals/ Mass transport

Improve terminal  
operating system by  
connecting multiple STS  
crane (ship to shore) to  
central control and integrate  
OCR (optical character  
recognition). Improve  
efficiency of RTG cranes

# Technology to business outcome journey

Command center

CURWB

and consumable for our Industrial  
customers”*

# Managed Service IOT\*

## Pervasive Wireless for Industrial

### Service description

Mobility in industrial space is always a challenge due to security, interconnectivity, training and un deterministic for industrial process. Cisco and Partner as part of its overall IT-OT convergence. Offering stack releases pervasive wireless as a service to Industrial customers.

### Why Cisco?

- Cisco is the IoT and wireless Market Leader
- Broad portfolio that meets variable customer needs
- Network, security, Connectivity, and Edge Compute Integrated

### Target verticals

Manufacturing,  
Mining, Ports

### Capability

- Fully Integrated outcome-based offer
- Professional service for end-to-end solution roll-out

### Why Partner?

- Providing NaaS to Enterprise IT and extendable to OT
- Understanding of Cisco wireless Stack
- Expertise in Industry 4.0
- Large Industrial Customer base

# Fill out your session surveys!

Attendees who fill out a minimum of four session surveys and the overall event survey will get **Cisco Live-branded socks** (while supplies last)!

Attendees will also earn 100 points in the **Cisco Live Challenge** for every survey completed.

**These points** help you get on the leaderboard and increase your chances of winning daily and grand prizes

# Continue your education

- Visit the Cisco Showcase for related demos
- Book your one-on-one Meet the Engineer meeting
- Attend the interactive education with DevNet, Capture the Flag, and Walk-in Labs
- Visit the On-Demand Library for more sessions at [www.CiscoLive.com/on-demand](https://www.CiscoLive.com/on-demand)
