

The background is a vibrant, abstract graphic. It features a central bright white light source from which numerous colorful rays emanate, creating a sunburst or starburst effect. The rays transition through a spectrum of colors including yellow, orange, red, and various shades of blue and green. Overlaid on this are several large, semi-transparent, wavy shapes in similar color tones, giving the overall image a sense of motion and energy.

*“Showing up in a physical space is to collaborate and more than that, to build **community and culture**. What is the common mission? What are our shared values and goals? That gives me the sense that I am contributing to something larger.”*

Adam Grant, Organizational Psychologist and Bestselling Author

*“The office should be a **magnet**, not a mandate.”*

Chuck Robbins, CEO at Cisco

*“The composition of real estate has to change. Facilities need **better data and insights**. Our buildings and our spaces need to become **living laboratories**.”*

Christian Bigsby, Senior Vice President, Workplace Resources at Cisco

- Behavioral Analytics

Cisco Spaces Cloud

A fully integrated platform to make buildings smarter by leveraging IT investments

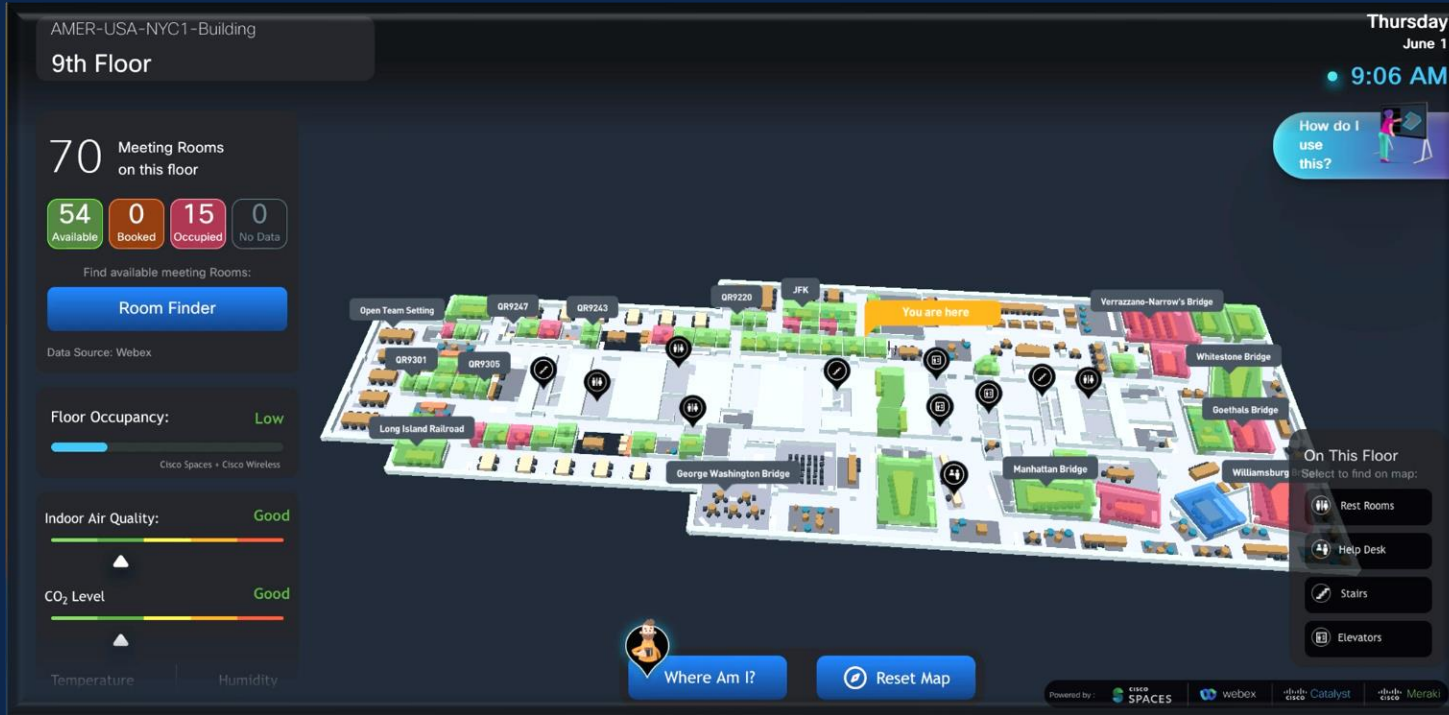

I already invested in my Cisco infrastructure, how do I know if I can use Cisco SPACES leveraging my existing infrastructure?

What if I am already using a backend system in my environment, why would I need Cisco SPACES?

How can other lines of business outside IT benefit from Cisco SPACES?
