Cisco Webex App

Questions?

Use Cisco Webex App to chat with the speaker after the session

How

- 1 Find this session in the Cisco Live Mobile App
- 2 Click “Join the Discussion”
- 3 Install the Webex App or go directly to the Webex space
- 4 Enter messages/questions in the Webex space

Webex spaces will be moderated until February 24, 2023.

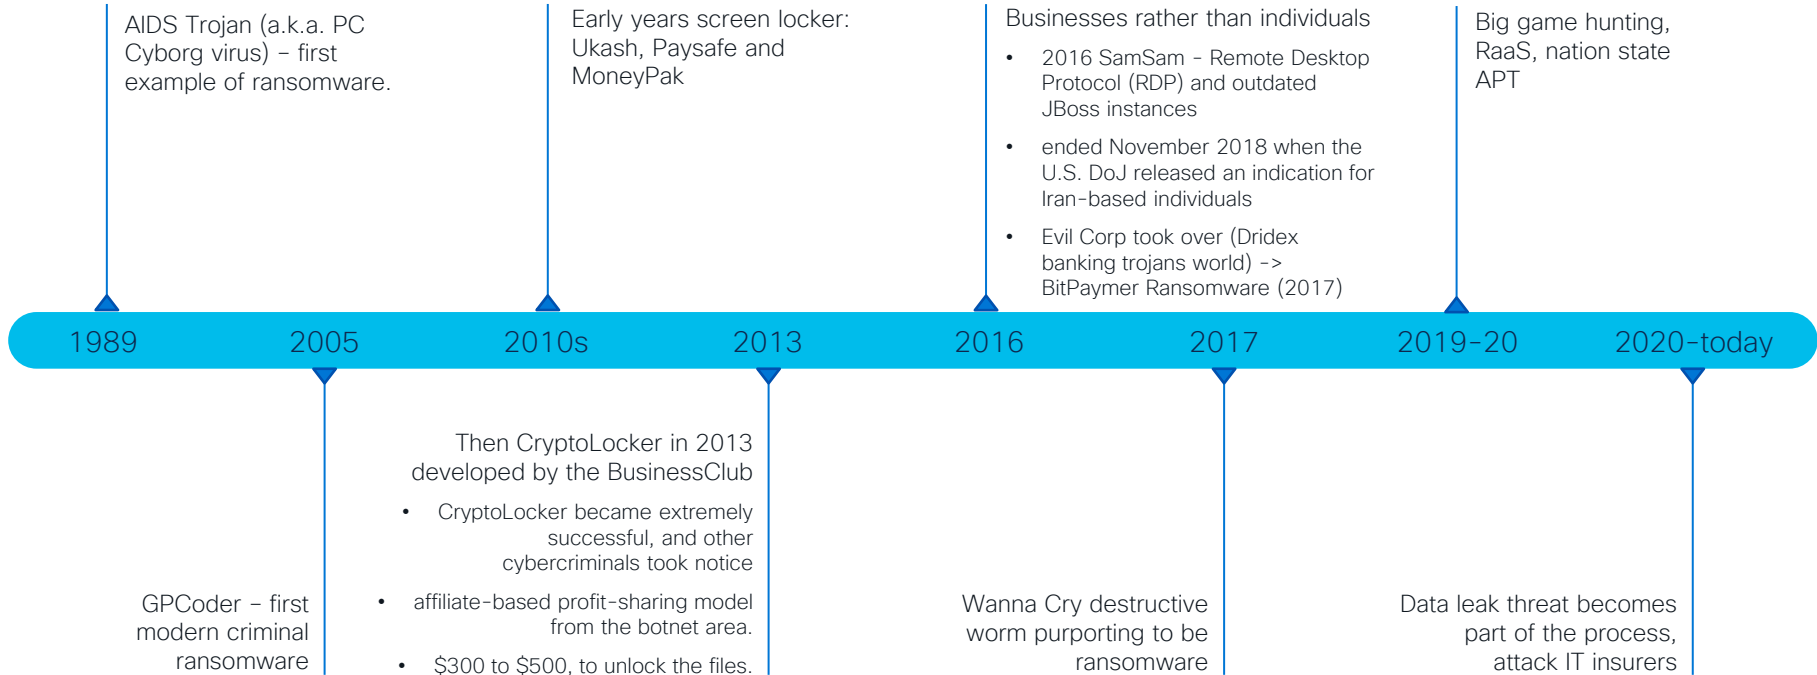

Agenda

- Ransomware past and evolution
- The ecosystem of ransomware
- What did we think wrongly was ransomware?
- How lucrative is ransomware?
- Who is at risk from attack?
- Future outlook
- What should organizations do?

Ransomware Evolution

Not Ransomware

You became victim of the PETYA RANSOM

The harddisks of your computer have b
encryption algorithm. There is no way
key. You can purchase this key on the

Your To purchase your key and restore your
steps:

1. Download the Tor Browser at "https
help, please google for "access on
2. Visit one of the following pages with the Tor Browser:

<http://petya.onion/g>
<http://petya.onion/g>

3. Enter your personal decryption code there:

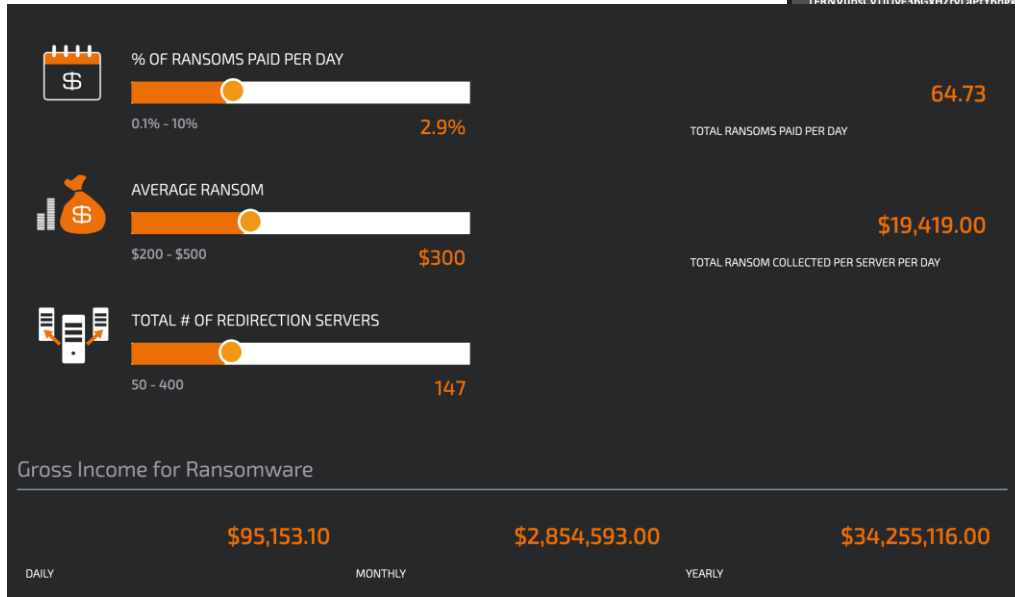

a6nF

If you already purchased your key, please enter it below.

Key: _

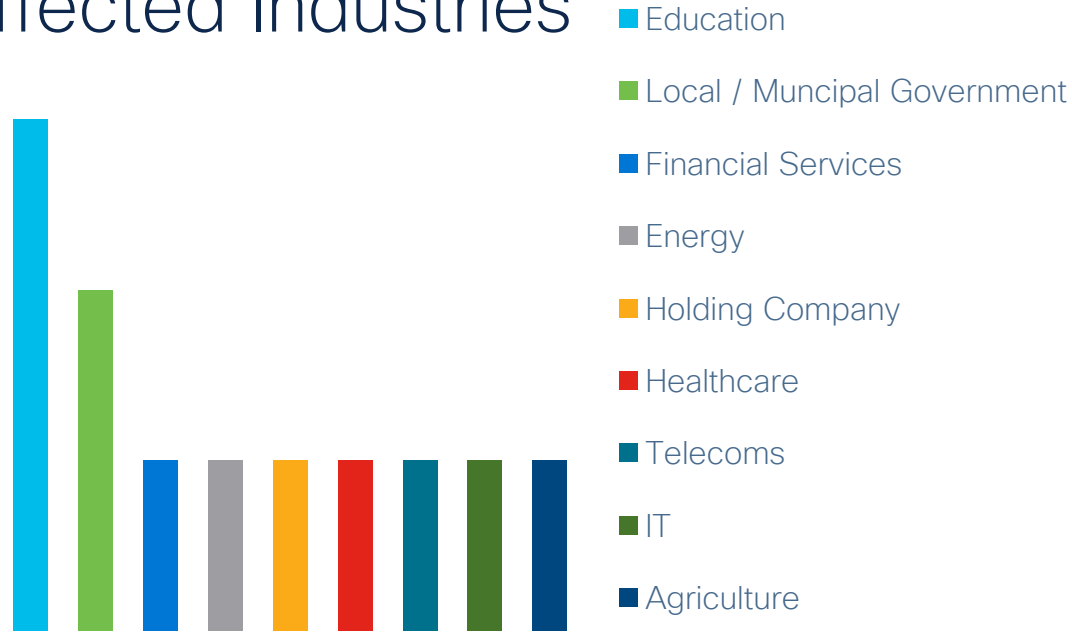

Ransoms Paid

Affected Industries

Cisco Talos Incident Response ransomware incidents per sector, Jan.-Sept. 2022,

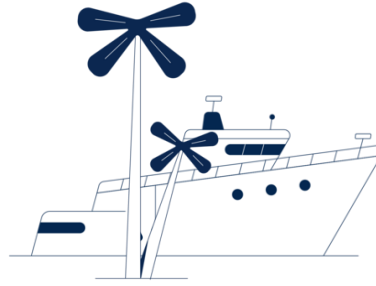

Talos 2022 Year in Review.

21% of all Incident Response engagements we do are related to ransomware.

Future of Ransomware

Rich ecosystem of potential target systems

VS.

Getting the price point right!

Protection

Multiple overlapping layers

- Keep the ransomware out.
- Detect the ransomware early.
- Recover quickly.

Protection

Multiple overlapping layers

- Keep the ransomware out.
- Detect the ransomware early.
- Recover quickly.

- Educate users
- Defend the perimeter
- Install end point protection
- Harden & patch systems
- 2-FA
- Back-up, back-up & back-up
- Proactively hunt incursion
- Plan incident response
- Rehearse your plans
